

Christos D. Melas

(Birthdate: July 1, 1959)

Current position:

Since 1987, I am serving as an *Assistant Professor of Medical Informatics* at the Nursing Department at the Hellenic Mediterranean University (HMU) [ex Technological Educational Institute of Crete: TEI of Crete].

Academic degrees:

Bachelor Degree in "**Mathematics**" (National and Kapodistrian University of Athens, 1984), an **MSc** Degree in **Computer Science** (Dundee University, U.K. 1985) and a **PhD** Degree (thesis "Factors of acceptance of Information Systems by medical personnel: *Prospects for the application of Evidence Based Medicine*", Department of Production and Management Engineering, Technical University of Crete, 2011).

Academic experience:

I teach at undergraduate level courses included in the syllabus of Nursing Department (HMU) such as "Introduction in Health Informatics", "Integrated Health Information Systems", "Databases and Medical Records", "Spreadsheet applications in Nursing", In addition, I give lectures in specific areas of Information Systems and Management courses in two different MSc Programs (Public Health & Health Services Administration, University of Crete, as well as at the Nursing Department, Hellenic Mediterranean University). Finally, since 2012 I teach the course Business and Organizations Management as Collaborating Academic Staff, Hellenic Open University.

Occupational experience:

During my national service I worked as **computer scientist** at the Foundation for Research & Technology – Hellas developing software for the Management Information System of the Hellenic National Defense General Staff (29/5/85-4/9/87). I have worked as a **freelance consultant** in Tourism, Banking, Industrial & Health enterprises (1987-1995). From January of 2005 until August

2009 I was **Chief Executive Officer** of the University Hospital of Crete. From 18/12/15 until 30/9/17 I was **Head of the Nursing Department**, of the Hellenic Mediterranean University.

Participation in funding projects:

Operational Program for Education and Industrial Vocational Training, E.U.:

- Participation in the three-year Vertical Action Program for University networking, 1997, TEI of Crete.
- Participation in the three-year program for the upgradation of the provided services of the central library of the TEI of Crete”, 1997, TEI of Crete.
- Participation in the three-year program entitled "Introduction of the institution of multiple bibliography of TEI of Crete”, 1997, TEI of Crete.
- Participation in three-year program for the upgradation of the curriculum of the Accounting Department of TEI of Crete, 1998.
- Participation in the three-year program for the upgradation of the curriculum of the Nursing Department of TEI of Crete, 1998.

Participation in the Archimedes III Operational Program (National Foundation Research Program) "Strengthening Research Teams at the Technological Educational Institutes", Department of Social Work, 2012. Design, development and implementation of an electronic youth observatory.
